Kelowna | British Columbia | Canada

HEALTH CARE HORIZONS

**“Technologies that contribute to the achievement
of our vision for health care and a health care system
that can take advantages of technological opportunities”**

→ CONFERENCE FOCUS:

This conference provides a forum that allows federal, provincial and regional health care officials, senior policy makers, intelligence and technology officials, academics and health care professionals to meet and exchange ideas.

Main plenary streams will examine key technologies such as biotechnology, medical devices, pharmaceuticals, genomics, nano technology, facility design, information, communication, research and development to support the achievement of the vision for health care.

→ TOP FIVE REASONS TO ATTEND:

- **High-Level Speakers** – Senior medical and technology professionals will discuss current perspectives and leading edge advancements in a variety of health care fields.
- **Exceptional Networking Opportunities** – The concentration of speakers and delegates at this event provides an outstanding opportunity to collaborate, discuss and implement solutions towards the future vision for health care.
- **Ground Breaking and Innovative Advancements in Medical Technologies** – Evaluate the latest products and services from the top industry organizations plus take advantage of industry breakout sessions and hands-on workshops.
- **Leverage Your Contacts** – Network with key decision makers to discuss future business, policy and delivery implications.
- **Professional Development** – get ahead of the technology management agenda!

→ KEYNOTE SPEAKER:

Stan M. Davis
Author and Consultant

Stan Davis is an independent author and speaker based in Boston as well as a research fellow at the Ernst & Young Center for Business Innovation in Cambridge, Massachusetts. He is well known as a visionary business thinker who advises leading companies and fast-growing enterprises around the world. He has written eight influential books, including *2020 Vision*, *The Monster Under the Bed*, and the bestselling *Future Perfect*, recipient of Tom Peters' "Book of the Decade" Award.
